Interpreter Services during Visits with Your Provider

What if I need interpreter services when I visit my provider?

We know that it can be hard to talk with your provider if your first language is not English or you are hard of hearing. We might have providers who speak or sign your language. You can ask to get services from them, or you can ask for an interpreter. Interpreters are free and available in all languages, including sign language. An interpreter can help you over the phone or be with you at your mental health or SUD visits. The interpreter will help you understand what your provider tells you.

To ask for an interpreter or a provider who can speak or sign your language, call Optum at **1-877-370-8953**. You can also ask your chosen provider for an interpreter or for services from someone who can speak or sign your language.

What if I want to call Optum and I am deaf or hard of hearing or I have a hard time speaking?

You can call **Relay Utah at 711**. If you have a hard time speaking, you can also call **Speech-to-Speech Relay Utah at 1-888-346-5822** and a trained person will help you. If you speak Spanish and are deaf or hard of hearing or you have a hard time speaking, call **Spanish Relay Utah at 1-888-346-3162**.

If you need a telecommunications device (TTY), go to relayutah.gov, or call the Utah Public Service

Commission toll-free at [866-772-8824](tel:866-772-8824). In some cases, the TTY device might be available at little or no cost to you.

¿Qué sucede si deseo llamar a Optum y soy sordo o tengo problemas de audición o tengo dificultades para hablar?

Getting Mental Health or Substance Use Disorder Services

How do I get mental health or substance use disorder services?

If you or your child needs mental health or SUD services, look at our Provider Directory. It is at the back of this handbook. You can also see the Provider Directory at www.optumhealthslco.com. The directory has providers' addresses, phone numbers, services they provide, languages they speak and information on whether they are taking new clients. Valley Behavioral Health is our biggest provider of outpatient mental health services. Valley also provides SUD services. If you want to get services from Valley, call Valley at **1-888-949-4864**.

After you choose a provider, call the provider to schedule your first appointment. Some services are provided in the evening. If you have any questions, call Optum at **1-877-370-8953** and hit prompt #3. A Care Advocate will help you find a provider.

How quickly can I be seen?

If you need emergency care, you will be seen right away. See Emergency Services, on page 8 for information on how to get emergency care. If you need urgent care, the provider will see you within 5 working days. If you do not have an urgent need for care, the provider will see you within 15 working days. If your condition changes and you think you need to be seen sooner, call the provider. If the provider cannot see you sooner, call Optum at **1-877-370-8953** and hit prompt #3 to talk to a Care Advocate. We will talk about your needs. We will help you find a different provider who can see you sooner.

Do I have to get approval before I get mental health or substance use disorder services?

Optum does not need to pre-approve most mental health or SUD services. If Optum needs to approve the service your provider wants to give you, your provider will let you know.

If we need to pre-approve services, we can usually decide within 14 calendar days. If you or your provider want us to take more time to make a decision, let us know. Sometimes, we might need more time to make a decision. Medicaid lets us take up to 14 more days to make a decision. If we need more time, we will give you our decision in writing. If you are unhappy about this, you can file a grievance.

Sometimes, you or your provider might think it is important to make a decision quickly. If we agree, we will try to make a decision in 3 working days. If you want us to take more time, or if we need more time to make a decision, Medicaid lets us take up to 14 more days. We will give you our decision in writing. We will also let the provider know our decision.

Can I get mental health or substance use disorder services from a provider who is not in the Optum Provider Directory?

In some situations, you can go to a provider who is not in the Provider Directory. You and the provider must get pre-approval before you get the services. For more information, call Optum at **1-877-370-8953** and hit prompt #3 to talk to a Care Advocate. You may have to pay for services that we have not pre-approved.

When will Optum tell me if I can see a provider who is not in the Provider Directory?

We will make a decision within 14 calendar days. We will give you our decision in writing. We will also let the provider know what our decision is.

Can I get a second opinion?

Yes. You can get a second opinion about your mental health or substance use problem or services. You will not have to pay for a second opinion. If you would like a second opinion, call Optum at **1-877-370-8953**, hit prompt #3 to talk to a Care Advocate.

Services Not Covered by Optum

What services might be covered by Medicaid but not by Optum?

Some of the services that might be covered by Medicaid or your physical health plan but not by Optum are medical care, including medical detoxification in hospital for a substance use problem, dental care, vision care and pharmacy. If you have questions about these services or any other services that might be covered by Medicaid, call your physical health plan, or Medicaid at **1-800-662-9651**.

Also, methadone maintenance services for substance use problems are not covered by Optum. If you need this service, you can get it from a Medicaid methadone maintenance service provider. If you have questions, call Medicaid at **1-800-662-9651**.

Transportation

How can I get help with transportation to my mental health services?

Traditional Medicaid Members

Transportation to your mental health services might be available. If you do not have your own transportation to your mental health appointments, you can ask for a Utah Transit Authority (UTA) bus pass by calling the Department of Workforce Services at **1-801-526-0950** or **1-866-435-7414**.

If UTA bus service is not in your area or if you cannot use the bus for some reason, call Optum at **1-877-370-8953**, and hit prompt #3 to talk to a Care Advocate.

Non-Traditional Medicaid Members

Transportation to your mental health appointments is not covered by Medicaid.

How can I get help with transportation to my substance use disorder services?

Traditional Medicaid Members

Transportation to SUD services is not covered by Optum. Transportation to SUD services might be covered under Medicaid's transportation program. If you have questions, call Medicaid at 1-800-662-9651.

Non-Traditional Medicaid Members

Transportation to SUD services is not covered by Medicaid.

Emergency Services

Prior authorization is not required for emergency services

What is an emergency?

- When you think your life is in danger
- When you believe you might harm yourself or others

- When your safety or others' safety is at risk

What are emergency services?

These are mental health or SUD services given to treat your emergency.

How do I get emergency services?

Optum has 24-hour emergency services seven days a week. You can call any time to talk with a crisis worker.

To get emergency care day or night, call our crisis line at **801-587-3000**. We will help you with your emergency, and send you to a treatment location, if needed.

If you are already getting services from an Optum provider, you can call your provider weekdays. If your provider is not available, call our crisis line at **801-587-3000**.

Also, day or night, you can go to any hospital emergency room for emergency care. Even if you are outside Salt Lake County, go to the nearest hospital emergency room. You do not need approval from Optum before you get emergency services.

Mental Health Care in a Hospital

How do I get mental health care in a hospital?

Mental health care in a hospital after an emergency is usually called post-stabilization care services.

Optum uses these hospitals in Salt Lake County:

- **University of Utah Neuropsychiatric Institute (UNI)**
501 Chipeta Way, Salt Lake City
- **Jordan Valley Medical Center, West Valley Campus (formerly known as Pioneer Valley Hospital)**
3460 Pioneer Parkway, West Valley City

If you think you need hospital care, call Optum at **1-877-370-8953** or go to the nearest hospital.

If a hospital other than those listed above treats your emergency and wants to admit you to the hospital, the hospital must call Optum for approval. It's important to let the hospital know Optum is your Medicaid mental health provider so they can call us if they want to admit you. Hospitals can call us at **1-877-370-8953**. We might have you stay at that hospital or we might transfer you to one of our hospitals.

Payment for Services

Will I have to pay for services in a hospital emergency room?

Traditional and Non-Traditional Medicaid Members

You will not have to pay for emergency services in a hospital emergency room.

There is a \$75 co-payment for each hospital stay.

Outpatient Mental Health and Substance Use Disorder Services

Will I have to pay for outpatient mental health or substance use disorder services?

Non-Emergency Outpatient Services

You might have to pay your provider for a non-emergency outpatient service if:

- You get a service that is not covered by Optum or Medicaid; or
- You get a service that is not pre-approved by Optum (the provider or you tried to get approval but Optum Denied the request or approved less than was asked for); or
- You do not go to an Optum provider.

If any of the above happens, your provider might ask you to pay for the service. You should only be billed for the service if all four things below are met:

- The provider has a written policy for billing all patients for services that are not covered, not just Medicaid patients;
- The provider tells you before you get the service that you will have to pay for the service;
- You agree to pay for the service; and
- There is a written agreement signed by you and the provider that says what the service is and how much you will have to pay.

NOTE: If Optum did not approve a service you or your provider asked for, you can appeal this decision before you agree to pay for the service. See the *Appeals* Section on page 12.

You might also have to pay your provider for a non-emergency outpatient service if:

- You ask for and get services during an appeal with or during a Medicaid state fair hearing. You would only have to pay if the appeal or state fair hearing decision is not in your favor.
- You are not on Medicaid when you get the service.

Emergency Outpatient Services

You will not have to pay for emergency outpatient services.

Will I have to pay for ambulance services for emergency care?

Fraud, Waste and Abuse

Fraud

Fraud includes using someone else's medical benefits for your health care services, using someone else's Social Security number to qualify for government assistance or providers billing for services that did not occur.

Waste

Waste is the planned use, throwing away or spending of health care or government resources in an unwise and wrong manner.

Abuse

Abuse is the planned misuse of health care or government resources. Examples of abuse include:

- Requesting and getting medications you do not need to use
- Doctors billing for services that did not occur

Why should I care about fraud, waste and abuse?

Health care fraud, waste and abuse are serious problems and affect the cost of health care services.

How do I report fraud, waste or abuse?

If you think someone is using your Medicaid information or committing fraud, waste or abuse, please call any **one** of the following:

- Optum at **1-877-370-8953**
- The Office of Inspector General of Medicaid Services toll-free at **1-855-403-7283** or email mpi@utah.gov or go to their website: www.oig.utah.gov
- Department of Workforce Services Payment Error Prevention Unit at **1-800-955-2210** or email wsinv@utah.gov.

Actions

What are actions?

Actions are when Optum:

- Denies (turns down) or approves fewer services than you wanted.
- Denies payment for a service that you might have to pay for.
- Does not offer your first appointment within the required amount of time for emergency, urgent or non-urgent care and you are not happy with this (see Getting Mental Health or Substance Use Services on page 7).
- Does not settle an appeal or grievance you have with us as soon as we are supposed to.
- Does not make a decision about getting services you have asked for in the amount of time Medicaid wants us to.
- Your provider reduces or stops a service previously approved. If you agree with the change, it is not an action. It is only an action if you tell us you don't want the change.

How will I know if Optum is taking an action?

We will send you a letter called a Notice of Action. You will have the right to appeal if you disagree with our action.

Appeals

What is an appeal?

An appeal is when you ask Salt Lake County Division of Behavioral Health Services (DBHS) to review the action Optum took to see if we made the best decision.

Who can file an appeal?

You, your legally authorized representative or your provider can file the appeal. If your provider files the appeal, you must give your written consent.

When do I have to file an appeal?

Your Notice of Action letter will give complete information on the appeal process, including how soon you must tell us you want to appeal the action. In most situations, you must tell us you want to file an appeal within 60 days from the date on the Notice of Action letter.

However, if our action was to reduce or stop services we had approved, and you want to keep getting the services, you must file your appeal on or before the later of the following: within 10 days of Optum mailing the notice of action letter to you, or the effective date of the proposed action. If you file your appeal in time, and you let us know you want to get the services while we make a decision, you may do so. If the appeal decision is not in your favor, you might have to pay for the services.

How do I file an appeal?

The Notice of Action letter will tell you how to file an appeal. If you need help filing your appeal, call Optum at **1-877-370-8953**.

You can also call us first to file your appeal. Call us at **1-877-370-8953**, Monday-Friday, 8:00 a.m. -5:00 p.m. Ask to talk to the Clinical Appeals Manager. Let her know you want to file an appeal. Even if you call first, you still must send your appeal in writing. If you do not send it in writing, you give up your right to appeal.

What if I need help filing my appeal?

If you need help, call Optum at **1-877-370-8953**, Monday –Friday, 8:00 a.m.- 5:00 p.m. and ask to talk to the Clinical Appeals Manager.

When will Salt Lake County Division of Behavioral Health Services tell me the decision on my appeal?

Usually, they will give you a written decision within 30 calendar days after they get your appeal. Sometimes, they might need more time to make the decision. If they need more time, they will let you know in writing. Also, you might want them to take more time for some reason. If so, let them know. When you, your provider or they think it's important to make a decision on your appeal quickly, they will usually make a decision within 3 working days.

Medicaid Fair Hearings

What can I do if I am unhappy with the appeal decision?

If you are unhappy with DBHS's decision on your appeal, or DBHS cannot make a decision on your appeal as soon as Medicaid wants them to, this is what you can do:

You, your legally authorized representative or your provider can ask for a fair hearing with Medicaid. In the appeal decision letter, DBHS will tell you that you can ask for a fair hearing. The letter will tell you how and when to ask for the fair hearing. DBHS will also give you the Medicaid fair hearing request form to send to Medicaid.

You must ask for a Medicaid fair hearing in writing using the form they give you.

At a fair hearing, you can speak for yourself, or you can have a relative, friend, lawyer or anyone else speak for you. Before and during the fair hearing, you, and any person helping you, can present documents. Also, you, and any person helping you, can look at all of the documents that will be used at the fair hearing.

When do I ask for a fair hearing with Medicaid?

In most situations, you must ask for a fair hearing within 30 days from the date on DBHS' appeal decision letter. If Optum's action was to reduce or stop services Optum had already approved, and you want to keep getting the services, you must ask for a fair hearing within 10 days of DBHS mailing the appeal decision letter to you. If you file your fair hearing request in time, and you ask to keep getting the services during the fair hearing, you may do so. If the fair hearing decision is not in your favor, you might have to pay for the services.

How do I ask for a fair hearing with Medicaid?

You must ask for a fair hearing in writing. Fill out the fair hearing request form included with your appeal decision letter. You can also get a hearing request form from Medicaid by calling Medicaid at 801-538-6576 or toll-free at 1-800-662-9651.

What if I have questions or need help asking for a fair hearing with Medicaid?

Call Optum at 1-877-370-8953, Monday –Friday, 8:00 a.m.- 5:00 p.m., and ask to talk to Lori Maxfield.

Grievances (Complaints)

What if I have a complaint about Optum or my provider?

If you have a complaint about anything other than an action, this is called a grievance. Examples of grievances are complaints about the quality of care, services given to you, rudeness of a provider or a provider not respecting your rights.

Who can file a grievance?

You, your legally authorized representative or your provider can file a grievance.

Call Optum at **1-877-370-8953**, weekdays between 8 a.m. and 5 p.m.

When will I get a decision on my grievance?

You will get a decision within 45 calendar days after you file your grievance. Sometimes more time might be needed to make a decision. If more time is needed, your provider or Optum will let you know about

this in writing. Once a decision is made, your provider or Optum will either talk to you about the decision on your grievance or send you a letter.

Advance Care Directives

What if I am ill and can't make health care decisions?

You can give other people instructions about your decisions for your health care. This is called an "Advance Care Directive." This will tell us in writing what health care choices you want made if you get very sick and can't decide for yourself.

Once you have filled out the Advance Care Directive form, be sure to give a copy to all of your health care providers. You should also keep a copy and give one to your family members. If you would like the form or need more information, please call us at **1-877-370-8953**, or talk to your provider or case manager.

If you have an Advance Care Directive and there is a problem with it being followed, call the Utah survey and certification agency at **1-801-538-6158** or **1-800-662-4157**.

Privacy

Who can read or get copies of my medical record?

Optum and all of its providers follow federal laws about privacy of your mental health and SUD services record. Optum does not use or share your protected health information except as federal law allows. When allowed by federal law, only the minimum necessary information is shared. Your provider will talk with you about privacy when you first get services. If you have any questions about privacy, call us at **1-877-370-8953**.

Optum Operations

What if I want to know more about how Optum is set up and works?

We will answer any questions you have about how we are set up, including questions about our grievance system, billing practices, confidentiality policy, and how we choose providers and what is required of them. If you ask, we will give you a copy of our Preferred Practice Guidelines for mental health and SUD services. Call us at **1-877-370-8953** if you have any questions.

Behavioral Health Directory**

****If you need a provider to prescribe medications and the provider you call is not taking new clients, call Optum at 1-877-370-8953. Hit prompt #3 to talk to a Care Advocate. They will help you with referral.**
